The brand

Brand philosophy

M4 – Morpheus, Magnetic, Mobile, Mount – is a patent, multifunctional and revolutionary mounting system.

In cooperation with German designers and engineers we want to create ideal products: High class material, perfect functionality and an optimal handling. Everything built in a clear design and in best quality. And it should fulfill the high demands of professional and all other creative users.

Each and every Mobile Labs development has to have the following characteristics:

Quality – High quality material

Function - Innovative ideas

Design – Clear design idiom
